PRICE TWO CENTS

ARTHQUAKE VISITS CITY OF VALPARAISO

ANY HOUSES DEMOLISHED AND
EVERY BUILDING IN THE
CITY DAMAGED.

LOSS OF LIFE VERY HEAVY

CORES OF PERSONS SAID TO
HAVE BEEN EITHER KILLED
OR INJURED.

POPULATION PANIC-STRICKEN

FIRE FOLLOWS EATHQUAKE AND
ADDS TO THE HORROR OF
THE DISASTER.

New York, Aug. 18.—A cable dis-
patch to a morning paper from Lima,
Peru, says:

About 8 o'clock on Thursday evening
there was a tremendous earthquake
at Valparaiso. As at San Francisco,
the shock was followed by the start-
ing of many fires. The flames, ex-
tending from the Plaza Orden toward
the north, have not yet been extin-
guished. Many houses have been de-
stroyed and nearly all of those in the
city are more or less damaged, either
by the earthquake or the fire.

Business is at a complete stand-
still. The banks are closed.

The gas supply is unavailable and
the electric lighting system is com-
pletely knocked out.

The greatest panic prevails among
the inhabitants. Many families are
fleeing from the city.

The weather is fair and the sea is
calm.

Communication with Santiago de
Chile is interrupted and it is impos-
sible to learn what has happened
there.

Many persons were killed and in-
jured in Valparaiso. The shocks con-
tinued, but are milder.

The shipping in the port was not in-
terrupted.

The streets which suffered most
were Calle Blanco, Condell and Ma-

merelda, and those in the Delicias dis-
trict, where the best residences are.

COMPULSED TO FLEE.

Cable Operators Forced to Leave the
Building at Valparaiso.

Galveston, Tex., Aug. 18.—Accord-
ing to a statement made by the cable
operator at Valparaiso, who was work-
ing in direct communication with the
office in this city Friday, earthquake
shocks continued at intervals through-
out the day and many times the opera-
tors had to flee from their office.

The operator at Valparaiso stated
that everything is in confusion at that
place, that many houses have been
razed and the loss of life believed to
be great, although no attempt has yet
been made to ascertain the number.

Overland lines over the Andes moun-
tains are all down and communication
south of Valparaiso is completely
shut off.

PROPERTY DAMAGE VERY GREAT.

But Nothing Definite Known as to the
Casualties.

New York, Aug. 18.—Except for a
few private messages received early
Friday reporting an earthquake in
Chile and damage to buildings in Val-
paraiso no direct news from Chile has
as yet been received. The early re-
ports, coming from different points,
stated that the earthquake had result-
ed in great loss of life and wide-
spread damage to property. Up to the
present time, however, there has been
little to confirm these reports.

The Associated Press correspondent
at Buenos Ayres cables that it is
feared the town of Los Andes, in the
province of Aconcagua, has been de-
stroyed. At the same time he points
out that Buenos Ayres has no direct
communication with the disturbed dis-
trict.

No official information has reached
Washington from Chile and, while pos-
itive information is lacking, New York
officials of cable companies having
connection in South America express
the opinion that the first reports of
the earthquake were exaggerated.

All cables reaching New York from
Chile and Valparaiso early Friday
night were evidently much delayed,
according to the statements of these
officials, who are themselves unable
to get any information bearing on the
situation other than the fact that an
earthquake has occurred; that the
disturbance has disarranged tele-
graphic apparatus, and interfered with
communication.

Friends and Relatives Anxious.

There is much anxiety among those
who have friends and relatives in
Chile. The cable companies and
newspapers are making every effort
to secure definite information.

It is pointed out that the entire ab-
sence of any word from official source
in Valparaiso and other points in
Chile may be taken as indicating con-
siderable exaggeration in the reports
of loss of life and extent of damage.

The report received from various
quarters of the globe regarding the
Valparaiso disaster have varied
greatly, some going so far as to com-
pare the have wrought to that of the
San Francisco catastrophe, with de-
tails much the same. It is said that
the city, at first shaken by a violent
earthquake, took fire and was burning
fiercely, many scores perishing in the
flames and the ruins of the fallen
buildings.

The latest of the reports along this
line comes by way of London and is
to the effect that a Hamburg firm has
received a dispatch stating that
numerous districts in Chile have been
destroyed and that Valparaiso has
been practically demolished, many
ships lost and more than 100 persons
killed. It is added, however, that the
dispatch is not well authenticated.

This is true of all dispatches and ru-
mors which purport to give details of
the disaster.

One London firm has received a ca-
blegram from Valparaiso which says:
"Severe earthquake. Commerce par-
alyzed. Town afire. Staff safe."

No mention is made of serious loss
of life in this brief but probably accu-
rate dispatch, and this is regarded as
a hopeful sign in the situation.

The central cable office of the West-
ern Union Telegraph company in New
York has received a service message
saying the Valparaiso office closed at
11:30 o'clock Friday night, Eastern
time. This is an unusual proceeding,
but is not explained. Sunday night is
the only night the wires are closed at
Valparaiso. None of the private mes-
sages coming from Valparaiso, some
of them responses to messages of in-
quiry as to the safety of relatives or
friends, make mention of serious loss
of life.

Buenos Ayres is still cut off from
Chile.

Indicate a Great Earthquake.

London, Aug. 18.—Professor John
Milne, the seismologist, reports from
the Isle of Wight that his records in-
dicate an earthquake as great as that
of San Francisco, lasting for five
hours, apparently located along the
coast considerably north of Valpa-
raiso.

FIFTY MEN ENTOMBED

CAUGHT BY THE CAVE-IN OF A
TUNNEL IN A MOUNTAIN AT
CLINCHPORT, VA.

THREE BODIES RECOVERED

WORK OF RESCUING THE IMPRIS-
ONED MEN BEING PUSHED AS
FAST AS POSSIBLE.

Bristol, Va., Aug. 18.—Fifty men are
entombed alive in the Clinch moun-
tain tunnel at Clinchport, Va., as a re-
sult of a cave-in which occurred Fri-
day. It is not known whether the
men are dead or alive, but the work of
rescue is being rushed as fast as pos-
sible. Air is being pumped into the
tunnel by several pumps for a dis-
tance of 700 feet and a large force of
men is working in an effort to rescue
the unfortunates before they perish,
if they are not already dead.

The cave-in occurred unexpectedly
and it is not known who is responsible.

The men entombed are chiefly na-
tives of that mountainous section of
Southwest Virginia, and the excite-
ment and anxiety is intense. Men,
women and children are at the mouth
of the tunnel awaiting news of those
dear to them inside, and pitiable
scenes are enacted.

The work of rescue will continue as
rapidly as possible.

The tunnel is being driven through
Clinch mountain and is to be one mile
in length. It has already been ex-
tended about 700 feet and the men
are a considerable distance in the
hole.

The contract for the tunnel was let
some months ago by the South and
Western railroad at \$2,200,000, and is
to be one of the longest and most ex-
pensive tunnels in the South.

The telegraph operator at Alberts,
Va., a small station on the Virginia
and Southwestern railroad four miles
from the cave-in at Clinch tunnel on
the Southwestern railroad, says it is
reported there that three men have
been taken from the tunnel dead and
two others seriously injured.

It is impossible to get further de-
tails for some hours owing to the re-
moteness of the scene of the cave-in.

Clinchport is a small place in Scott
county between here and Big Stone
Gap, on the line of the Virginia and
Southwestern. It is forty-three miles
from Bristol.

PEASANTS DEFEAT COSSACKS.

Put a Detachment of the Czar's Crack
Cavalry to Flight.

St. Petersburg, Aug. 18.—At the
headquarters of the gendarmes here,
intelligence has been received of an-
other collision between Cossacks and
peasantry in the province of Penza.

In this affair the mob showed such
determination and fury that the troops
were forced to retreat, carrying off sev-
eral of their number badly wounded.

Five of the peasants were killed and
several score wounded.

A detachment of thirty Cossacks
had been dispatched from the town of
Penza to a neighboring village to ar-
rest two agitators. The villagers
sounded the tocsin on the church bell,
whereupon a crowd of 500 peasants,
armed with scythes and other rustic
weapons, gathered and advanced to
the rescue of the prisoners. Undaun-
ted by the Cossacks' whips and sabers,
the peasants charged and forced the
Cossacks to take refuge behind a stone
wall. A volley from the carbines of
the Cossacks failed to check the peas-
ants and finally the Cossacks were
obliged to flee. The peasants are re-
ported to have fought more like wild
animals than human beings. In their
fury they seized a priest who was hur-
rying up to assist the wounded and
beat him almost to death before the
wife of a sick peasant whom he had
aided recognized him and intervened.

FAILURE OF CHELSEA BANK.

Due to Excessive Loans Made to Offi-
cers of the Institution.

Chelsea, Mass., Aug. 18.—Following
the official information given by Bank
Examiner Ewer to the comptroller at
Washington that the failure of the
First National bank of Chelsea, the
doors of which were closed Thursday
night, was due to excessive loans
made to officers and directors of the
bank, it became understood that the
principal factor in the suspension of
the bank was a large indebtedness on
the part of its president, Sylvester B.
Hinchley. This indebtedness is un-
officially estimated at from \$300,000 to
\$500,000, but statements made by di-
rectors of the bank indicated that
President Hinchley had transferred to
the institution his equity in large real
estate holdings, which, it was expect-
ed, would provide for the payment in
full of all depositors.

President Hinchley is said to be fa-
tally ill at his home in Newton.

BOTH PARTIES PREPARED.

Whites and Negroes Believe an Attack
Is Imminent.

Brownsville, Tex., Aug. 18.—With
both parties prepared for an attack
and each believing it to be imminent,
there have been no special develop-
ments in the situation growing out of
the recent trouble between the negro
troops and the citizens of this place.

The citizens' committee has been ad-
vised that the troops will not be with-
drawn pending an investigation and
that state troops will not be sent here.

Judge James B. Wells, whose word is
practically law along the border, is
on his way home now and when he ar-
rives it is probable that there will be
some move made to relieve the ten-
sion. He has secured a promise
from Senator Bailey to go at once to
Washington to endeavor to secure the
removal of the negro troops.

REMOVAL DEMANDED.

Prefect of Police Gregorieff Held Re-
sponsible for Outrages.

Odessa, Aug. 18.—A reactionary
anti-Semitic journal published here
under the control of Governor Gen-
eral Kaulbars, throws the responsi-
bility for all the anarchistic outrages
in Odessa on Prefect of Police Gregor-
ieff and demands his removal from of-
fice. General Gregorieff's supporters
declare that the attack is due to his
opposition to programs, which they al-
lege Governor General Kaulbars en-
couraged.

Want Hughes for Governor.

New York, Aug. 17.—The friends of
State Chairman B. B. Odell of the Re-
publican state committee have sent
notice to the friends of President
Roosevelt that they are in favor of
the nomination of Charles E. Hughes
for governor on the Republican ticket.

APPLEBY WILL UPHELD.

Husband Fails to Break Ante-Nuptial
Contract.

St. Paul, Aug. 18.—Judge Hallam
has decided against Dr. T. E. V. W.
Appleby, who sued for a share of the
estate of his wife, Cornelia Day Ap-
pleby. This is the third division of
the A. H. Wilder estate, left to charity,
amounting in all to \$2,500,000. His
own bequest was first in 1894, his
widow's like bequest in 1904 was sus-
tained after contest. His daughter's
share is involved in this case.

Each of these three wills estab-
lished a fund for relief of "the worthy
poor," to be known as the "A. H.
Wilder Charity corporation," each sepa-
rately managed.

In the estate of Mrs. Appleby funds
were set apart to yield an income of
\$10,000, which was promised to her
husband in an ante-nuptial contract.

That provision was attacked on the
ground that the \$10,000 income was a
charge upon the whole estate.

Underlying that the ante-nuptial
agreement was attacked, by which,
before their marriage, Dr. Appleby
waived any interest in his wife's es-
tate beyond the \$10,000 annuity which
she thereby guaranteed him, the allow-
ance to be forfeited if he remarried.

That stipulation was attacked on the
ground that it was contrary to public
policy as discouraging marriage and
it was argued that, if valid, the ante-
nuptial contract could not renounce
rights to inherit but only present in-
terests. Finally the trust was attacked
as indefinite and therefore void.

Judge Hallam upholds the probate
court decrees holding the will good in
all respects.

ATTITUDE OF FRENCH CLERGY.

Set Forth in a Statement by Cardinal
Lecot.

Bordeaux, Aug. 18.—Monsignor Le-
cot, the cardinal and archbishop of
Bordeaux in response to a telegram of
inquiry as to his views on Pope Pius'
encyclical letter to the French hier-
archy relative to the law for the sepa-
ration of church and state, made a
statement which may be taken as in-
dicating the present attitude of the
French archbishops and bishops. In
this statement the cardinal says the
bishops will take no action before
Dec. 9, on which date the separation
law becomes operative, but will await
action by the French government. Be-
fore that period shall expire the car-
dinal suggests parliament make some
declaration with regard to the points
raised in criticism of the law by the
pope.

Cardinal Lecot's statement is con-
strued as indicating that the bishops
hope, by maintaining a firm attitude
and at the same time striving to ally
among their people the feeling of hos-
tility to the separation law, to in-
duce the government to concede some-
thing rather than see the country
plunged into religious strife.

CONFIDENCE INCREASES.

Trade and Industry in an Excellent
Condition.

New York, Aug. 18.—Bradstreet's
review of trade says confidence in-
creases as crops, promising large if
not record yields in nearly all in-
stances, approach maturity and job-
bing operations and orders from man-
ufacturers broaden as the month ad-
vances. Distribution of dry goods,
particularly of cotton fabrics, has been
on a large scale at firm or advancing
prices, and other wearing apparel,
building material, iron and steel, agri-
cultural implements, hardware and
new wool have all been moved freely.

Prices have been notably strong, ex-
cept for new crop cereals and for cot-
ton, which feel the influence of large
present or prospective crops. Sell-
ing by farmers of new wheat has been
checked by the lowest prices paid for
four years past. Railway operations
continue immensely profitable. Iron
prices stiffen and the fears of a run-
away market increase. There is even
evidence of improvement in Western
bituminous coal, hitherto in an unsat-
isfactory condition. Complaints of
scarcity of labor affecting output come
from every section of the country.
Collections are rather better.

NEARY DEFEATS HERRERA.

Milwaukee Puglist Beats the Mexican
in Seven Rounds.

Milwaukee, Aug. 18.—Charley Neary
of Milwaukee defeated Aurelio Herre-
ra of Bakersfield, Cal., in the seventh
round of an eight-round bout before
the Badger Athletic club Friday night.
Herrera's seconds threw the sponge
into the ring after Neary had floored
his man in the first minute of the
seventh round, when it was apparent
the Mexican could not rise to his feet
before the count of ten. It was
Neary's fight from start to finish.

iston, L. I., Friday, by robbers.

Gustav H. Mosler, one of the most
promising of the younger school of
American artists, is dead at his coun-
try home at Margaretville, N. Y.

A bolt of lightning struck a church
at Crawfordsville, Ind., Friday and in-
stantly killed Mrs. John Bollis and in-
jured Mrs. Bessie Phillips and Miss
Una Shoef.

While on his way home from work
at Minneapolis, Fred Krouse, eighteen

was so badly crushed that he died
within a few hours.

INTENSE EXCITEMENT

CAUSED IN WALL STREET BY A
RISE IN STOCKS OF TWO
RAILROADS.

New York, Aug. 18.—Amid scenes
of frantic trading on the Stock Ex-
change, Union Pacific common stock
rushed upward 17½ points a share
and that of Southern Pacific 6½ points
Friday, after an announcement of
dividends far in excess of what the
traders had any reason to expect.

The result was that a large number
of traders who had sold the stock
short suffered sharp losses, and, ac-
cording to an estimate reported by the
Evening Post, a pool in Union Pacific
stock realized profits amounting to
\$15,000,000 and a similar pool in South-
ern Pacific \$10,000,000.

Notwithstanding the meeting of the
executive committees of the Union Pa-
cific and Southern Pacific roads in this
city Thursday the bulk of the brokers
were totally unprepared for the an-
nouncement of dividends, which was
made public soon after the opening of
Friday's market. The dividends were:
Union Pacific preferred, 2 per cent
semi-annual; common, 5 per cent,
semi-annual; Southern Pacific com-
mon, 2½ per cent, semi-annual. Union
Pacific common heretofore paid 3 per
cent and Friday's dividend was the
first ever declared on Southern Pa-
cific common.

Brokers were swept into a mad
struggle to buy the two stocks within
a minute after the announcement was
circulated.

FIGHT FOR THE EIGHT-HOUR DAY.

Printers' Convention Declares It Is
Practically Won.

Colorado Springs, Colo., Aug. 18.—
With the declaration that the fight for
the eight-hour day is practically won,
the fifty-second annual convention of
the International Typographical union
voted to reduce the strike assessment
from 10 per cent to 8 per cent on the
wages of employed printers. At this
time 38,969 members are working
eight hours, 2,556 are under a nine-
hour contract and 4,709 are on strike.

The expense of the strike to date has
been approximately \$1,500,000, all of
which, with the exception of \$47,-
715.94, has been contributed by mem-
bers working under undisturbed con-
ditions.

It was decided that the sum allowed
members on the strike roll be not in
excess of \$7 for single men and \$10
for married men and that where men
refuse to work because the amount
earned does not equal the strike
benefit, that they be cut off from the
benefit list entirely, it being evident
that the disposition as shown is not
in accordance with the true spirit of
unionism and a desire to advance the
out-of-work settlement.

President Appoints Harlan.

Oyster Bay, N. Y., Aug. 18.—Presi-
dent Roosevelt has appointed James S.
Harlan of Chicago a member of the
interstate commerce commission. Mr.
Harlan is a son of John M. Harlan, an
associate justice of the supreme court
of the United States. The appoint-
ment of Mr. Harlan completes the
membership of the commission.

IN A POLITICAL WAY.

In Wadena county no one has yet filed for a county office.

August 20th is the last date for candidates to file their intention with the county auditor.

Wm. McQuinn, the well known Bemidji merchant, is a candidate for the legislature from the Beltrami district.

James L. George, well known in this city, is a candidate for the republican nomination of auditor of Beltrami county.

N. M. Paine will come before the people of his district as a candidate for reelection as county commissioner. It is not known yet whether he will have opposition at the primaries although the friends of Ed Crust are urging him to enter the race.

It goes without saying that Judge Sanborn, S. R. Adair, A. G. Trommald and W. A. M. Johnston, who hold the positions of probate judge, county treasurer, register of deeds and clerk of the court respectively, will not be disturbed, and in all probability Prof. Wilson will be the only candidate for county superintendent of schools.

The office of sheriff is one that several gentlemen would like to hold, but so far no one has filed for the republican nomination. George McCullough and E. H. Simmons each have been urged by their friends to make the race against Ole Erickson who will come before the people again. In all probability there will be but one candidate for the republican nomination.

In the commissioner's district now represented by J. S. Gardner there will undoubtedly be a contest. Mr. Gardner is said to have declined to be a candidate for reelection. So far C. A. Krech is the only candidate out in the open and who has made a thorough canvass of the district for that place. R. R. Wise has been spoken of and it is understood he is considering the matter.

The county attorney's office seems to be the only one of a local character so far that gives evidence of a scramble for the nomination. Judge W. A. Fleming, who has held the position before and who performed the duties in an acceptable manner, is making a canvass of the county. Judge J. H. Warner, who has presided as municipal judge for the past four years, is asking for the position as is also W. W. Bane, the popular Seventh street attorney.

A. Mahlum will come up before the people asking for a renomination for county auditor. Several other candidates have been mentioned, among them being W. D. McKay, but the latter gentleman has not yet decided to enter the field for the nomination. J. F. Smart who opposed Mr. Mahlum two years ago will be a candidate for the position but whether he will go before the people at the primaries or come out

as an independent candidate later is not known.

The three candidates for the republican nomination to the lower branch of the legislature from this district are all Morrison county men. I. W. Bouck, who has served the district in a very acceptable manner for several terms, comes before the people seeking a renomination which will undoubtedly be accorded him. Col. Snow, the popular Little Falls landlord, and M. N. Young, a Morrison county farmer, are the others who have filed and from the three the voters will select two candidates at the coming primary election.

James Harmon, formerly of this city, but later in business in Northome, came in from the north today. He will join his family, which has been visiting here and all will go to Northwestern Canada where they will make their future home.

Several parties have asked the press to urge the citizens to cut the weeds on their lots and in the streets in front of their lots. One thing is certain, if Brainerd wants to hold her reputation as a resort for hay fever sufferers her citizens must see that the plentiful crop of rag weed is not allowed to go to seed.

For all kinds of cement contracting come and see me. I am prepared to do anything in the cement line. Have also a cement block machine and can make anything from a hen coop to an auditorium and will guarantee all work, replacing any that does not give satisfaction. J. F. VAUGHN, 651tf 819 Main St.

Leslie Hills, a well known Brainerd boy, has been visiting friends here for some days and left today for Fargo to visit his parents. He has been for the past few years a nurse in the insane hospital at St. Peter, and will complete his course of training there in a few months and expects to remain in the hospital having been offered a good position there.

The Horseshoe restaurant, which has been closed for about two weeks for a renovation, will be opened as soon as Mr. West can get sufficient help. The restaurant has been thoroughly overhauled and cleaned from top to bottom and will be a pleasanter place to eat than ever. George says that this is the first time the fire has been out of the range in over four years.

As one who loves the beautifying of the home and the city I advise all who can, to call at the home of Mr. Grant on 2nd Ave. East and see what can be done with a small piece of ground when properly cared for. It is the best garden in the city. The vegetables, fruits and flowers make a picture worth going to see. The Sweet Pea hedge is the finest I ever saw. H. W. KNOWLES.

What is said to be the quickest business deal in the history of Brainerd, is reported to have taken place just as we go to press, Frank Swanson, who formerly worked for Jake Omen, so the story goes, walked into Jake's shop this afternoon and asked him what he would take for his shop. Jake set a price and Swanson pulled out a roll and cashed in. Jake will give possession at the close of business tonight, so it is said.

A very unique kitchen shower was tendered Miss Mary Mahoney a bride elect of this month by Miss Margie Cosgrove and Miss Mame Scallen at the home of the latter last evening. The affair was a complete surprise to the bride elect, who on her arrival was given a slip of paper, telling her to do as directed. She was given a string and told to follow it up. Amid much laughter she roamed from parlor to kitchen and over the lawn, finding at intervals some appropriate gift. The unwrapping of these, afforded much amusement, as each article was accompanied by advice both in prose and poetry. Dainty refreshments were served, and at a late hour the guest of honor and her gifts were loaded onto a barrow and escorted to her home by the merry throng.

.....THIRD ISSUE ON..... Fire Insurance Quality

Extract taken from the "Journal of Commerce and Commercial Bulletin"—New York, July 30, 1906.

The substantial old Franklin Fire Insurance company, of Philadelphia, in announcing to its agents its increase in capital stock to \$1,000,000, reference to which has already been made in these columns, states that the new stock of \$600,000 will be issued at 200 per cent, thus providing \$600,000 additional surplus. This move on the part of the Franklin was taken with a view to broadening its policy and extending its territory of operation, and the management also announces that hereafter a more aggressive policy will be pursued.

Manager Hollinshead, in setting the proposed change before the agents of the company, says: "This action will make the company larger and stronger than heretofore, and will enable it to meet the requirements of an exacting insuring public."

I represent this sound and conservative, as well as progressive Fire Insurance Company. Quality counts in Fire Insurance. The best is none too good.

TWO BRAINERDITES REPORTED KILLED

Chas. Negus, Formerly of This City Killed in Railway Wreck.

ONE WAS A FRISCO VICTIM

Joe Johnson Reported to Have Been Killed by Falling Wall in San Francisco.

Reports have been received here today of the violent death of two former residents of this city. Jas. Mahoney received a telegram announcing that Chas. Negus, who formerly lived with his parents, Mr. and Mrs. Chas. Negus, at 704 Norwood street was killed in a railway wreck last night. No further particulars are at hand.

There is a report on the street that Joe Johnson, who formerly worked in the freight office here was killed a few days ago by falling walls in San Francisco, where he was engaged assisting in clearing away the debris of the earthquake. No particulars are at hand nor is THE DISPATCH able to trace the rumor to a reliable source, but he is known to have been in that part of the country.

MOSCOW IN FIRE

The Sensational Pyrotechnic Spectacle At This Year's Minnesota State Fair

Revolutionary times in Moscow is the theme of Gregory's wonderful pyrotechnical production of that title, which will be the feature of the evening program at the Minnesota state fair this year. Over two hundred performers are utilized in the big Gregory production and the City of Moscow is represented by four acres of artistic scenery, realistically blended with a score of real buildings towering in the background. The costuming is superb and the entire spectacle is given with realistic effect. The effect produced by the toppling of the walls during the cannonading and whizzing of bombs in every direction, is startling, and the actors in the tragedy appear almost to be swallowed up in the chaos that follows. In this thrilling moment of the great spectacle the climax of the pyrotechnists' genius would appear to have been reached.

During the gay scenes of Moscow are introduced pretty ballets, sensational aerial and acrobatic specialties, imposing pageants, music, etc.

When the smoke of the burned city clears away comes the big feature of this gigantic and novel summer show, in the \$1,000 display of Gregory's Greater Fireworks, which concludes each performance. More and finer fireworks than have been witnessed in a lifetime make up one of these displays, and are worth going many miles to see.

The state fair is held this year during the week of Sept. 3-8. Half fare rates have been made on all railroads and tickets will be on sale Saturday, Sept. 1st.

FASHIONS AT NEWPORT

Coaching, Yachting, Automobling, Golf, Dinners, Casino Dances, a Green Messaline Costume

What may not be accomplished in the matrimonial market of Newport by an elegant yachting suit, a becoming golf outfit, or a handsome coaching costume—a place wherein wealth is estimated by the million rather than the thousand, and where some of the owners thereof are ready to be captivated, provided the attraction is sufficiently strong. Outdoor sports are well calculated to show off personal charms, as for example, exercise at golf causes cheeks to glow and eyes to sparkle, while an elegant pose on the top of a coach, or becoming languor on the deck

of a yacht, are all within the possibilities of fascination.

COACHING COSTUMES

are a matter of taste. Very charming ones are of white or colored linen, differing in no essential point from those for ordinary wear. Cloth suits are rather more sensible, any gay buttons, straps, patches or bands of colored embroidery make a very pretty showing on white or blue hues. Silk lined voile, elaborately trimmed with chiffon, both tucked and shirred, was the selection made by the dashing Chicago belle, for a coaching party last week. The color was soft brown, lined with pale yellow, hat and parasol of a lighter brown. Silk or serge suits are also in vogue, and wraps may be cape shape, three-quarter length, or the small jacket, which seems destined to charm on all occasions. Parasols are of any or all colors, with plain or enameled handles.

FANCY STITCHES

in knitting render the golf sweater quite attractive, but after all it is the wearer from whom we must expect a great degree of charm, not the homely garment which envelope her. Considerable variety is seen, the long or short-sweaters, edged by ribbing, of the blouse or Eton style the Norfolk or the double-breasted box coat shape. Soft felt hats are the rule and when found troublesome are put in one's pocket without essential injury. Very little opportunity is afforded for displaying handsome costumes in automobling, as cloaks are in general use, either of pongee, linen or silk, or the new rubber-lined silk cloaks of crimson, blue, silver-gray or brown.

THE ELECT ARE USING

black and white combinations of all kinds, parasols, cloaks, hats and especially in evening costumes. Black chintilly lace over white satin, of leaf passementerie held together by silken cords, over white chiffon, constitute elegant gowns, and now word comes from Paris, that the most renowned dressmakers are using the new Helvetia silks for many of their finest costumes. These silks come only in black and white, but in a variety of weaves—armures, satins and taffetas of soft, beautiful texture and finish—as durable as they are attractive. Satins are considered especially smart, therefore Sappho satins are made up in beautiful gowns of all colors, possessing a finish which recalls that of the Radium silk.

BESIDES THESE MEDIUMS OF DISPLAY

the Newport Casino is frequented by some of the noted devotees of fashion in America. A sea-green messaline gown worn there recently at a dance by a Chicago blonde, seemed to possess a peculiar charm from the contrast in color between the young girl's beautiful golden hair and the silvery-green hue of the material. The skirt was trimmed with folds of the messaline, finished by shirring, giving an overskirt effect. The corsage at front was cut very low and filled in by point d'esprit net, the back and sleeves were also entirely of net. A short sash of messaline and a cluster of pink roses at the waist, gave a pretty finish. Fall and winter millinery will probably show an extreme in the opposite direction from the one of the last two seasons which was often beautiful though very expensive and inconspicuous.

ENCAMPMENT ENDED

MEETING OF GRAND ARMY VETERANS AT MINNEAPOLIS IS CONCLUDED.

AFTER AN EXCITING DEBATE

MINORITY REPORT PROTESTING AGAINST ERECTION OF WIRZ STATUE ADOPTED.

Minneapolis, Aug. 18.—The Grand Army of the Republic has completed its fortieth encampment and adjourned to meet in Saratoga, N. Y., in 1907.

The encampment after an exciting debate, decided that a protest against the erection of a statue to Henry Wirz should be sent to General S. D. Lee, the commander of the Southern Veterans' association. This action was decided upon only after a long debate which at times became energetic and acrimonious.

The proposition to deprecate the action of congress in abolishing the canteen from the Old Soldiers' homes was laid on the table without debate.

Just prior to the final adjournment, the new commander-in-chief, Robert Brown of Zanesville, O., announced the following staff appointments: Adjutant general, Joseph W. O'Neill of Ohio; quartermaster general, Charles Burrows of New Jersey; assistant quartermaster general, J. H. Holcomb of Philadelphia; chief of staff, J. V. Winans of Ohio.

When the encampment was called to order the first question up for settlement was the selection of the place for the holding of the next encampment. The invitation of Saratoga was presented Thursday and that of Cincinnati was made as soon as the meeting was called to order. The vote proceeded smoothly enough until the name of Kansas was called. Captain P. H. Coney of the Kansas delegation cast its entire forty votes for Cincinnati. The vote was promptly questioned on the ground that Kansas did not have any such number of delegates in the hall. A long debate ensued which was ended by the ruling of the commander-in-chief that Kansas could vote only as many men as were actually present. The number happened to be something less than twenty. The final vote showed 403 for Saratoga, and 175 for Cincinnati.

A delegate from Wisconsin attempted to bring up the canteen question, but was squelched summarily, the whole question being laid on the table at once.

Minority Report Adopted.

William A. Ketcham of Indianapolis then presented a minority report from the committee on resolutions which had been silent on the question of the proposed statue to Wirz. He moved that an address should be sent to General S. D. Lee, the commander of the Southern Veterans' association, asking that the influence of the Southern soldiers be used against the project. Mr. Ketcham spoke for thirty minutes in support of his motion, and was followed by Past Commander E. Torrence of Minneapolis, who declared that the Grand Army should not, in his opinion, take official cognizance of the matter at this time. Both speakers were loudly cheered, as were others who spoke on the question. Commander-in-Chief Tanner, who had urged in his report, that a protest be made against the erection of the statue, gave up the chair to make an impassioned appeal from the floor in support of the minority report of Mr. Ketcham, which was in line with the suggestion made in his report. The debate grew very warm, and a few personalities were indulged in. The minority report was adopted by a viva voce vote, and apparently by a large majority.

Resolutions were passed asking the secretary of war to purchase the ground upon which monuments have been erected on the battlefields of Bull Run, and asking that statistics as accurate as possible of the mortality in Southern prisons be issued by the government.

During the day Commander-in-Chief Tanner sent to President Roosevelt a telegram informing him of the fact that the encampment was in session. To this telegram the president replied with a message extending his heartiest greeting to the Grand Army. Greetings were received during the day from various patriotic societies, among which were the Spanish War Veterans and the John H. Morgan association, an association of Confederate soldiers.

The adjournment was taken immediately after the installation of the newly elected officers by Past Commander Louis Wagner of Philadelphia. Mrs. Elma Dalton of Winfield, Kan., was elected president of the Ladies of the G. A. R.

Mrs. Myrtle Kramer of Illinois was elected president of the Daughters of Veterans.

Krause Succeeds Davis.

Milwaukee, Aug. 18.—At 2:15 o'clock Saturday morning the tellers of the Fraternal Order of Eagles announced that the balloting had resulted in the election of Edward Krause of Wilmington, Del., for grand worthy president over Henry Davis of Cleveland.

FINANCE MINISTER UNSEATED.

His Political Workers Were Guilty of Corrupt Practices.

Shelburne, N. S., Aug. 18.—The Hon. W. S. Fielding, minister of finance in the Canadian government, was unseated Friday night as member of parliament for the Queens-Shelburne district of the supreme court. Minister Fielding was charged by the leaders of the Conservative party in the district with holding his seat illegally on the ground that his political workers in the last general election had been guilty of corrupt practices. Fielding, who is the right hand man of Sir Wilfrid Laurier, the Canadian premier, will be obliged to seek re-election before he can again sit in parliament.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

RIOT IN PHILADELPHIA.

Score of Persons Are Injured, One Seriously.

Philadelphia, Aug. 17.—Frequent disturbances caused by striking shirt-makers who were employed at the factory of Tuttleman Brothers & Faggen, culminated in a serious riot during which a score of persons were injured, one seriously. The rioting occurred in a congested section of the city and so great was the mob that a detail of mounted police was summoned and it was three hours before the crowd was finally dispersed. Eight of the ringleaders were arrested.

KILLS HIS WIFE AND HIMSELF.

California Man Commits Double Crime While Demented.

Los Angeles, Cal., Aug. 17.—Edward H. Sanderson, secretary of the California Truck company and a wealthy man, killed his wife and committed suicide in their home in West Lake avenue. The double crime was committed with a razor. Mr. Sanderson, according to a statement made by his son, was mentally unbalanced.

Two Killed by a Train.

Allentown, Pa., Aug. 17.—Coming out of a covered bridge on an unprotected crossing of the Lehigh Valley railroad at night, the delivery wagon of a local brewery was struck by a train. Edward Brick, the driver, and John Brick, his brother, were instantly killed, and Jeremiah McCauley was fatally injured.

"Pleasant and Enjoyable"

It is in the hot summer months to spend a few weeks where the ocean breezes blow, particularly if the regular comforts and necessities of civilized life, including a really good malt beer like

Gund's Peerless Beer

are to be had. This famous beer, brewed with sterling honesty, foams with life, sparkles with strength and the very taste of it is a pure delight. Every bottle is warranted to stand any climate, being fully aged and mature. Its aromatic tang and delicious mellow fragrance makes "Peerless" peculiarly grateful in hot weather. "Peerless" does not create thirst but quenches it, because it is brewed by the "Grand Natural Process" from the best hops and barley in the world. It satisfies and pleases, stimulates the gastric juices, aids digestion, and doctors declare that it is not only a "ripping good medicine" for those who are weak and run down, but is also of substantial food value when solid foods are inadvisable. It contains but 3% of alcohol and is thus really a temperance beverage. For 50 years it has surpassed all its competitors and represents in most literal sense "the survival of the fittest." Bottled at La Crosse only. Sold everywhere by reputable dealers. The home and family trade a specialty. Try a case delivered—a case of "Peerless"—the beer that makes you glad. Always the same—good and pure. Write or phone or call if you want for your home the best bottled beer that is to be had.
